

HOW TO COMBINE YOUR GGTOGG COLLECTION BOX TO YOUR TALL BOX.

First GGtoGG Collection box can be slid down inside the Tall Box.

1. Fold out the Tall box. Tape the bottom of the Tall box with some box tape. Leave the Top open, and simple fold in all four flaps.
2. Fold out the GGtoGG Collection box. Then knock out or cut out the bottom of the GGtoGG box and slide the GGtoGG box down inside the Tall Box. This allows you to extend the bottom of the GGtoGG (slotted) box to the entire length of the Tall box. The tall box set up in this manner will hold approximately 600 phones. The GGtoGG collection Box alone holds approximately 200 phones
3. When shipping the boxes back. Please use other boxes other than the Tall box, as it becomes to heavy, when filled full phones, to ship UPS ground. Our Pre-Paid Shipping Labels will ship on any Medium sized (approx. 12x12x15) shipping box.
